

**REMARKS/ARGUMENTS**

Claims 21-40 are pending in the present patent application. Claims 1-20 have been canceled. No new matter has been added to new claims. Support for the new claims can be found in the original disclosure of the patent application.

In an office action dated February 19, 2002 in the parent non-provisional application, claim 6 and 16-20 were withdrawn from consideration, because they were directed toward a "patently distinct species of the claimed invention." Specifically, the office action stated that claims 6 and 16-20 claimed "filling in order entry forms, in an Internet shopping environment, using a wrapper." See page 2 of the 2/19/02 office action.

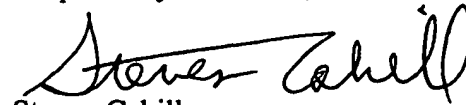

Claims 6 and 16-20 were subsequently amended to conform to the restriction requirement. Claims 21-40 in the present divisional application are directed toward the previously restricted species of the present invention.

**CONCLUSION**

In view of the foregoing, Applicants believe all claims now pending in this Application are in condition for allowance. The issuance of a formal Notice of Allowance at an early date is respectfully requested.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 650-326-2400.
